## Meddyg Care Help at Home Ltd

### Health Care Assistant Job Description

Meddyg Care (Help at Home) Ltd is a home care provider with a difference. We always aim to make a difference in people's lives, bringing smiles to faces every day. Encouraging and supporting individuals to be independent at home for as long as they can.

Person Centred care is of the upmost importance, giving individuals full control over the care they receive, providing continuity throughout.

We do not believe in the term 'Staff', you will be a valuable 'Team Member' with room to grow in the business, by having a clear structured progression pathway to work through as you go on your home care journey with us.

We are looking for motivated, flexible, positive, hardworking individuals to join us on this new, exciting and rewarding journey, who want to have a lifechanging impact on vulnerable adult's lives.

You will be expected to support vulnerable individuals who have learning disabilities, physical disabilities or mental health as well as being elderly, to live in their own homes as independently as possible. Supporting them with everyday living aspects such as:

- Helping with household tasks
- Personal Care
- Looking after their health, including medication management where necessary
- Companionship
- Day to day errands
- Keeping themselves safe within their home

You will be expected to work in a way that helps promote the individual's independence and empower them to be as independent as possible. You will follow a specific care plan for each individual, which will demonstrate the needs of the individual and how they want to live their lives.
